The Ten Commandments of Motoring

North Dakota Highway Bulletin, September, 1925.

-  **1** Drive to the right side of the road; it's just as good as the left.
-  **2** Slow down when approaching a cross road; it is nearly as dangerous as a railroad crossing.
-  **3** Look out for children. You never can tell what they will do, and you are always in the wrong if you hit one.
-  **4** Try to help instead of hinder the traffic officer; he is there for your good and he's got a tough job.
-  **5** Be sure your "dimers" really dim; it's no joke driving into a blinding glare, as you probably know.
-  **6** Read and obey the warning signs; they are not put up as ornaments.
-  **7** If you feel you've got to speed, do it where it won't kill anybody but yourself.
-  **8** When making minor repairs, stop where your car may be seen from both directions; otherwise you may stop longer than you anticipated.
-  **9** Speeding round corners is a straight route to the hospital. Don't race past a stopped street car. Some day the jury will call it manslaughter.
-  **10** Use discretion. The fact that you had the right of way won't bring anybody back to life, least of all yourself.
