SKETCH OF OUR BELLOWS RANCH IN THE 1890's, upper left the Ranch home, on the right the horse barn, lower left the blacksmith shop, and next in center the bunk house.

When Wadsworth hired the "Kid" to kill the barn flunky the "Kid" leaned his rifle over the lower half on the barn door to take aim at the flunky who was cleaning the barn at the time. The "Kid's" first shot killed him.
